

Our
Location

Our office is located in the historic and beautifully restored Illinois House building in the heart of Downtown Bloomington. President Teddy Roosevelt literally walked the halls.

We work **steps away from restaurants, bars, clubs, art galleries, live music venues, bakeries, and coffee shops**. Downtown Bloomington is also home to apartments, condos, Airbnbs, and traditional housing in nearby historic neighborhoods.

What do we mean when we stay 'steps away'?

Here is a sampling of what can be found within a 10 minute walk.
